About This Game

Enter a world where nothing is as it seems... and adventure knows no bounds!
Journey to an island world eerily tinged with mystery... where every rock, every scrap of paper, every fleeting sound holds a clue to an ancient mystery. Enter, if you dare, a starkly beautiful landscape shrouded in intrigue and injustice. Only your wits and imagination hold the power to unlock the shocking betrayal of ages past!
Lose yourself in fantastic virtual exploration, now more compelling than ever in the stunning Myst® Masterpiece Edition. Breathtaking graphical realism blurs the line between fantasy and reality, challenging your wits, instincts, and powers of observation like never before. The fantasy beckons... can you resist its call?

Useful app.. Fun Game,
keep making them

I will keep buying them. This game is possible the best RTS i have ever played. If you like massing hudge armadas of planet sized ships, or researching antimater drives, or even destroying stars this game is for you, but be wary noble aritocrate of the stars, there is a giant♥♥♥♥♥learning curve, but once you get over it its all good :D. achievements do not work. bought this game over a week ago still will not start what a waste of money. Got this in a bundle during a sale for less than 30 cents. Wasn't worth the money. That's right. Now you know how bad the game is.. A brilliantly designed puzzle game that challenges you to manage your fuel, shield, and your relationship between your motion and the pull of the various celestial bodies you encounter. It's such a beautiful visual representation of space and everything in it, and boy does it test your awareness of your environment and the obstacles set before you.. The description for this game is:

Unravel the mystery uncovered by a remote interplanetary mining operation. What did they find? What threat does it pose? And ultimately, what does it truly mean to be a hero?

Due to the absence of an ending, I feel I should point out that the answer to the first two questions is 'you dont find out'. The answer to the last question is 'heroes dont play inescapable'. I feel like free to play is too expensive for this. I feel like, someone should *pay* me to play this.

I love this game so much. I love the art work, I love the story, and I love the different choices. I expecally love the art work I wish I could live in this digitally painted master piece. I would defentitly recommend everyone giving this game a play through.

And If anyone has any doubts about my love of this game you can check out my play through of it.

https://www.youtube.com/watch?v=9OqKkiVX_oE&list=PL00gwkXaoPdBoEnsSvIYjMk6n5taoQsm. I'm very sure the editor is only contributed for his well-efforted "preface", as the entire book is just copied from someone who's translated, like, more than a century ago. but even then, I cannot recommend this.

for the quality of book itself is quite horrible. there are so many typo which is spelling wrong with character's names like "Rollant" or "Rollanz", "Oliver" or "Olivier". one of the laughable example is "... violated Temple of Salomon, ..." and you heard me right, I said literally what it's written at there.

just play the game, not buying this book from here. or maybe you can buy one from actual bookstore.. This game changed my life. Never have I been so invested in a game. Incredible story telling, mind blowing graphics, amazing community. I highly recommend it as it is one of the greatest games on steam.. i rather SUPER PUNCH a BEARD BROS then play this GARBAGE!!!. Very nice horror game. Good for you devs!. An expansion pack to Quake III: Arena that adds team based gameplay and new features.

Pick it up.
