|-----------|---|
| 10 | PRESENTATION
The origin story, characters and cinematic sensibility here are superb. |
| 10 | GRAPHICS
Nintendo's creative visual style here is not only the best on Wii but truly timeless and stunning. |
| 9 | SOUND
The soundtrack doesn't quite measure up to the franchise's best, though that's a very high standard. No voice acting, though not necessary, does hurt the cinematic feel. |
| 10 | GAMEPLAY
You'll never want to go back to traditional controls for a Zelda game. |
| 10 | LASTING APPEAL
There are tons of side quests that will keep you busy. Plus there's incentive to play through the entire 40-hour adventure again. |
